

A dream made real

Pneumatic Actuator Type AR for Ball Valves

- Fast, compact and long-lasting -

Long-lasting

- › Full plastic body
- › No exposed metal parts
- › Corrosion-free
- › Rust-free

Compact

- › Extremely small and lightweight
- › Easy to install even in a very narrow space
- › Reduced installation space
- › Reduced costs thanks to scale down pipe layout

Fast One-Click Connection

- › One-click connection (no bolts and nuts)
- › 90% faster installation
- › Easier and faster maintenance
- › Reduced maintenance costs and downtime

Accessories and Options for Pneumatic Type AR

There is a broad range of accessories available for the Type AR pneumatic actuator, which includes solenoid valves for on/off applications, positioning devices for modulating applications, and auxiliary limit switches for position indication. This allows remote operation for a variety of reasons: piping status assurance, automatic sequencing, savings in labour, and plant safety, to name a few.
